HOW IT WORKS

The Cocoon is filled with **25 liters of water** and buried subsurface with the seedling

The Cocoon prevents water evaporation and weed growth

Seedlings are protected from harsh rays, desicating winds and small animals

Controlled seepage of water straight to the roots, encouraging a deep, wide root system

Magical and underrated, this wonderful sci-fi story still gives me goosebumps. It is just trying to have a good time with the idea of a few elderly people feeling young again thanks to the cocoons retrieved from the bottom of the sea and stored in a pool.

 $\frac{1}{2}$ This 1980s sci-fi comedy doesn't really try to make you think it could be about a deadly alien invasion or serious threats to our old-timer protagonists.. In its less outstanding scenes, the film drags on a little and the special effects just didn't age that

well.. That doesn't change the fact that it is fun to witness the charming cast's adventure even after all those years. <u>Macdaddyx</u> For Mac
